About Me

Ridhiwani Hamisi is a self-taught fullstack web and mobile app developer based in the coastal city of Mombasa, Kenya. With a competent experience in frontend and backend web development, I have built several projects ranging from personal projects to real case production client projects.

Work experience

Peslac Kenya

FEB/2024—PRESENT

Currently at Peslac Kenya, an insurtech startup based Nairobi Kenya, I work as a senior backend engineer managing a team of 3 other developers. My main role as a backend nodejs developer in the company involves building rest apis and integrating AI to existing insurance software solutions.

Stacks: javascript, expressjs, MongoDB, docker, managed railways instance.

EnatonTech

AUG/2023 - FEB/2024

Currently at EnatonTech, a branch of windad developers, I work as a backend engineer working hand in hand with a team of other 4 developers in many projects. The current one being a multitenant education institutions management system. The project is aimed at helping education institution manage all aspects to ensure smooth running of their businesses.

Stacks: typescript, expressjs, PostgreSQL, sequelize, docker, aws

Rhone Systems

NOV/2022 - MAR/2023

At Rhone systems, I was contracted as a freelance to work on the backend of a USSD based fintech startup. With technologies like Nodejs, expressJs, mongoDB and mongoose as the ORM, I managed to build a fully functional backend server and USSD (*640#) that is aimed to help small scale businesses to receive payments electronically as well as analyse their business earnings.

APIWAP

MAR/2023 - PRESENT

ApiWap is one of my personal SaaS product that has been in operation since September 2023. It is an automated bulk whatsapp messaging tool that allows developers to integrate easily. Currently (JAN 2024) at 260 satisfied users. A truly work of art. (<https://apiwap.com>)

Stacks: typescript, nextjs, expressjs, mysql, prisma, digital ocean

Skills

Javascript (Reactjs, Vuejs, NodeJs, NextJs) CSS (Bootstrap, TailwindCss, MaterialUI), git/github, Nginx, Jira, databases (mongodb, MySQL, postgresSQL), cloud (AWS, AZURE, digital Ocean)

Education

WEB-DEVELOPMENT BOOTCAMP (FULLSTACK WEB DEVELOPER CERTIFICATION)

Swahilibox Mombasa (bootcamp) - APR /2020 - OCT/2020
